

Preface

In 1963, the Hindi Vidya Prachar Samiti's Ramniranjan Jhunjhunwala College was established by a visionary - Late Shri Nandkishore Singh Jairamji, a postman at the Ghatkopar post office in the 1930s. He was the lone survivor of a military unit that fought on a front in Turkey in the First World War. On his return home, he was convinced that the only way to alleviate poverty is through education. With this in mind, he diligently collected small amounts, like four or eight annas, and formed the Hindi Vidya Prachar Samiti. The Samiti founded a primary school in 1938. In the Silver Jubilee year of the Samiti, Ramniranjan Jhunjhunwala College was established both due to the untiring support of common citizens and the munificent donation received from the Shri Ramniranjan Jhunjhunwala Trust. Since its establishment, the college has been affiliated to the prestigious University of Mumbai. The mission of the college is "Knowledge is all Ambrosia". Academic excellence with character development and education for all is our motto. Since a large number of our students come from economically weaker sections of the society, we try to imbibe in them good values so that they become responsible citizens of this great country. This year the college is celebrating its golden jubilee.

Ramniranjan Jhunjhunwala College aims at catering to the academic excellence of the students and providing them with facilities to develop their inherent talents. In its continuous efforts to impart quality education, R.J. College was reaccredited with an "A" grade and a CGPA of 3.33 in January 2009. The NAAC visit was on 26 November 2008, the day when Mumbai fell victim to a terrorist attack. Hundred percent attendance of the teaching and non-teaching staff on the next day affirmed their commitment and love for the college, and was appreciated during the exit meeting by the chairman of the NAAC Peer team committee. We value the appreciations of the NAAC peer team members, and have taken the suggestions seriously to ascend the steps towards achieving sustained quality in education.
