Amrita Valmiki
~~Dr. Rina Puradkar~~

Suggestions to be incorporated according to UGC Guidelines: Learning outcomes-based curriculum framework for UG Education.

1. To encourage critical thinking.
2. Stress free successful life.
3. Develop argumentative and analytical skills through philosophical reasoning.
4. To educate students for skill development through critical, analytical and reflective thinking to enhance elevate qualitative life at workplace.
5. Field visits (Yoga centres, strategic environmental area - green-zones).
6. To install values for communal harmony and peace in society.
7. Sensitize students regarding environmental issues, bio-medical issues and issues related to print and electronic media.
8. Guest lectures to incorporate marginalized issues.
9. Various competitions and at Intra and Inter-collegiate level to develop self-confidence.
10. To equip students and to develop logical

and critical reasoning for competitive exams.

11. Knowledge to lead healthy life by imparting theoretical and praxis of Indian and western philosophy (namely Bhagavad Gita, Yoga, analytic and Linguistic philosophy - both Indian and Western tradition).

Other things remain same.
